

Passive Fire Protection Installer Wanted – Join the TBL Fire Protection Family!

Location: TBL HQ Coventry Jobs are Nationwide (UK-wide travel required)

About Us:

TBL Fire Protection is a trusted name in passive fire safety solutions. We're expanding and looking for a reliable, skilled installer to join our close-knit team. If you take pride in quality work, understand technical systems, and are ready to travel the UK with support every step of the way – we'd love to hear from you!

Key Responsibilities:

- Install various passive fire protection systems in commercial and residential settings
- Read and interpret technical drawings, specifications, and fire stopping requirements
- Ensure all work is carried out to industry and compliance standards
- Liaise with site managers and clients professionally
- Maintain accurate records of work completed
- Safely travel to project sites across the UK (including overnight stays)

Requirements:

- **Minimum 2 years' experience** in passive fire protection installation
- Solid understanding of **technical details** and compliance standards
- Full **UK driving licence**
- Valid **CSCS card**
- **Own tools** required
- **Willingness to travel and stay away from home** during projects

Desirable (Not Essential):

- **IPAF** and **PASMA** certifications
- NVQ in passive fire protection (preferred but not required)

What We Offer:

- **Competitive pay** – based on your experience and skillset
- **Company van & fuel card**
- **Accommodation & daily allowance** for overnight stays
- A friendly, supportive team atmosphere
- Consistent work with a growing business that values its people

Ready to take the next step?

Apply now and **be part of something that protects lives and builds a safer future.**

Come and join the **TBL Fire Protection** family!
